Claim Rejections - 35 USC § 112

Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is ambiguously worded. For example, the term "pivotally", line 3, is questioned. The phrase "being limited by the retaining unit in pushing operation" is unclear. The recitation "both ends thereof" has no antecedent basis. The last paragraph of claim 1 is construed as a "whereby" or "wherein" clause. However, this should be confirmed by amendment.

The claims are being considered based solely on the structure recited along with any functional limitations that can be interpreted from the confusing claim language.

The remaining claims must be reviewed for similar problems as well as other grammar related errors.

Allowable Subject Matter

Claims 1-6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
